Required Workforce Investment Board and Regional Workforce Board
Incorporation to Receive Funding as of July 1, 2006

Purpose

To explain that the Indiana Department of Workforce Development will disburse funds to Indiana's workforce investment boards and eleven regional workforce boards, which are incorporated as of July 1, 2006.

Contents

Beginning on July 1, 2006, Indiana's two workforce investment boards, the Balance of State Workforce Investment Board and the Marion County Workforce Investment Board and Indiana's eleven regional workforce boards will be recipients of grants and contracts from the Indiana Department of Workforce Development. As grant recipients, these boards will have the ability to receive, disburse and account for grant funds. In order to receive funds from the Indiana Department of Workforce Development, each board must be incorporated. The board must be registered with the state and in the process of becoming incorporated. Only boards which are incorporated or are in the process of becoming incorporated will have the ability to apply for discretionary and competitive grants. Each board will be the grant recipient of the funds for its region. That ability cannot be delegated to the fiscal agent.
